

# BLUE FROG

## START RIGHT PROGRAM

### OPPORTUNITY TO LEASE WITH INTENT TO PURCHASE

#### Advantages of Starting Right

- Design & Build your long-term permanent practice with room to expand.
- Ensure the ability to increase revenue along with your practice growth.
- Allows you to accommodate additional exam rooms, staff room & surgical space.
- Don't lose your initial start-up construction investment.
- Don't worry about your clients following you when you relocate to expand or grow.

#### Client Testimony

*Blue Frog held my hand through the entire process of starting my first practice from the architectural design to permitting, construction, and interior design.*

*Through it all, they stayed on budget and on time. I get compliments all the time from clients that my practice is the nicest clinic they have ever been in.*

*When it was time to start my second clinic, I did not hesitate to use them again.*

**Dr. John Younker**  
Owner, CEO, Veterinarian  
Common Companion Vet Co.

**Our years of experience will help you overcome many common project issues during the build phase.**
